APRESENTAÇÃO

Olá!

Sou o professor Rodrigo Perni e, com imensa satisfação, serei o seu analista do Passo Estratégico!

Para que você conheça um pouco sobre mim segue um resumo de nossa experiência profissional, acadêmica e como concurseiro:

Rodrigo Perni

**Auditor – Fiscal da Receita Federal do Brasil;*

** Coach do Estratégia Concursos;*

** Responsável pela elaboração e análise estatística do Passo Estratégico de Arquivologia;*

** Formado em Administração de Empresas;*

** Cursando o 4º período do curso de Direito e*

** Aprovado no concurso do ano de 2005, na 21ª posição na 2ª Região Fiscal no concurso para Auditor-Fiscal da Receita Federal do Brasil.*

Estamos extremamente felizes de termos a oportunidade de trabalhar na equipe do "Passo", porque tenho convicção de que nossos relatórios e simulados proporcionarão uma preparação diferenciada aos nossos alunos!

11225354498 - Maria Vitória Gonçalves Vieira

O QUE É O PASSO ESTRATÉGICO?

O Passo Estratégico é um material escrito e enxuto que possui dois objetivos principais:

a) orientar revisões eficientes;

b) destacar os pontos mais importantes e prováveis de serem cobrados em prova.

Assim, o Passo Estratégico pode ser utilizado tanto para turbinar as revisões dos alunos mais adiantados nas matérias, quanto para maximizar o resultado na reta final de estudos por parte dos alunos que não conseguirão estudar todo o conteúdo do curso regular.

Em ambas as formas de utilização, como regra, o aluno precisa utilizar o Passo Estratégico em conjunto com um curso regular completo.

Isso porque nossa didática é direcionada ao aluno que já possui uma base do conteúdo.

Assim, se você vai utilizar o Passo Estratégico:

a) como método de revisão, você precisará de seu curso completo para realizar as leituras indicadas no próprio Passo Estratégico, em complemento ao conteúdo entregue diretamente em nossos relatórios;

b) como material de reta final, você precisará de seu curso completo para buscar maiores esclarecimentos sobre alguns pontos do conteúdo que, em nosso relatório, foram eventualmente expostos utilizando uma didática mais avançada que a sua capacidade de compreensão, em razão do seu nível de conhecimento do assunto.

Seu cantinho de estudos famoso!

Poste uma foto do seu cantinho de estudos nos stories do Instagram e nos marque:

@passoestrategico

Vamos repostar sua foto no nosso perfil para que ele fique famoso entre milhares de concurseiros!

11225354498 - Maria Vitória Gonçalves Vieira

Análise Estatística

Inicialmente, convém destacar os percentuais de incidência das questões de Inglês nas provas elaboradas pela banca FGV

Lembrando, quanto maior o percentual de cobrança de um dado assunto, maior sua importância:

Assunto	Grau de incidência em concursos anteriores elaborados pela FGV
Interpretação de Textos (compreensão)	45%
Vocabulário e Tradução (inglês)	35%
Gramática (inglês)	20%

11225354498 - Maria Vitória Gonçalves Vieira

ROTEIRO DE REVISÃO E PONTOS DO ASSUNTO QUE MERECEM DESTAQUE

A ideia desta seção é apresentar um roteiro para que você realize uma revisão completa do assunto e, ao mesmo tempo, destacar aspectos do conteúdo que merecem atenção.

ATENÇÃO!!! Serão disponibilizados exercícios das principais bancas que elaboram concursos públicos nos cadernos de questões ao final do curso.

1 - Decore que **To be** significa **"ser"** ou **"estar"**.

2 - O verbo to be como "estar" expressará sentidos de ação ou de se estar em algum lugar:

2.1 – I am happy (Eu estou feliz).
2.2 - She is in the supermarket (Ela está no supermercado).

3 - Nas **frases afirmativas**, o verbo to be é simples: I am, you are, he is, she is, it is, you are, we are, they are.

11225354498 - Maria Vitória Gonçalves Vieira

4 - Na **forma interrogativa** em inglês, o verbo to be se posiciona no início da frase, antes do sujeito. A conjugação fica: Am I? Are you? Is he? Is she? Is it? Are you? Are we? Are they?

5 - Na **forma negativa**, com a adição da partícula de negação "not" nos verbos, a conjugação fica: I am not, you are not, he is not, she is not, it is not, you are not, we are not, they are not. Se esses verbos aparecem na forma abreviada, encontramos I'm not, you aren't, he isn't, she isn't, it isn't, you aren't, we aren't, they aren't.

6 - Atenção aos quadros resumo a seguir:

6.1 - O esquema do **verbo to be no presente**:

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I am ou I'm	I am not ou I'm not	Am I?
You are ou You're	You are not ou You aren't	Are You?
He is ou He's	He is not ou He isn't	Is He?
She is ou She's	She is not ou She isn't	Is She?
It is ou It's	It is not ou It isn't	Is It?
You are ou You're	You are not ou You aren't	Are You?
We are ou We're	We are not ou We aren't	Are We?
They are ou They're	They are not ou They aren't	Are They?

11225354498 - Maria Vitória Gonçalves Vieira

6.2 - O esquema do **verbo to be no passado**:

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I was	I was not ou I wasn't	Was I?
You were	You were not ou You weren't	Were you?
He was	He was not ou He wasn't	Was he?
She was	She was not ou She wasn't	Was she?
It was	It was not ou It wasn't	Was it?
You were	You were not ou You weren't	Were you?
We were	We were not ou We weren't	Were we?
They were	They were not ou They weren't	Were they?

7 - **Simple Present**, tempo verbal Presente Simples, pode ser usado para expressar uma ação habitual, aquilo que fazemos com frequência, por exemplo: I study every day. (Eu estudo todos os dias.), I sometimes watch TV. (Eu assisto TV às vezes.), I often use the computer. (Eu uso o computador com frequência.) etc.

8 - Usamos o **Present Simple** também para exprimir **verdades, fatos imutáveis**: Birds sing. (Pássaros cantam), Babies need their moms. (Bebês precisam de suas mães) etc.

9 - Temos **três formas em todos os tempos verbais**: **afirmativa, negativa e interrogativa**. Há dois auxiliares que acompanham as frases interrogativas no presente: Do e Does.

9.1 - Na **forma interrogativa** em inglês, precisamos adicionar **"Do"** no início da pergunta – "Do you work?" (Você trabalha?) e, para sujeitos no singular, classificados como terceira pessoa do singular (He/She/It), usamos "Does" – "Does she work?" (Ela trabalha?), demonstrando que as orações estão no tempo presente.

9.2 - Na **forma negativa**, com a adição da partícula de negação **"not"** nos auxiliares, eles se tornam do not/don't e does not/doesn't, formas abreviadas ou não – "I don't work." (Eu não

11225354498 - Maria Vitória Gonçalves Vieira

trabalho), “She does not work.” ou “She doesn’t work.” (Ela não trabalha), “He does not work.” / “He doesn’t work.” (Ele não trabalha).

10 - As **frases afirmativas** são formadas por um sujeito, um **verbo principal e o complemento**, que pode ser onde, quando aconteceu, com quem, porque ou qualquer outra informação que alguém executou. Lembrando que, ao ser conjugado nas terceiras pessoas do singular (He/She/It), precisamos acrescentar “-s”, “-es” ou “-ies”. Exemplos: “I run.” / “She runs.” (Eu corro. / Ela corre.)

11 - As **frases interrogativas** são formadas por um **auxiliar** (“Do” para sujeito no plural ou “Does” para sujeito no singular) no **início da frase**, um sujeito, **um verbo principal** e o complemento (onde, quando aconteceu, com quem, porque ou qualquer outra informação), exemplos: “Do you run?”, “Does he run?” (Você corre? Ele corre?)

12 - As **frases negativas** são formadas por **um sujeito,** auxiliar “don’t” ou “doesn’t”, **um verbo principal e o complemento** (onde, quando aconteceu, com quem, porque ou qualquer outra informação). Exemplos: “I don’t run.” / “She doesn’t run.” (Eu não corro. / Ela não corre.)

13 - Atenção ao exemplo da conjugação no singular e plural nas três formas – afirmativa, negativa e interrogativa no Present Simple do verbo Study:

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I study	I do not study ou I don't study	Do I study?
You study	You do not study ou You don't study	Do You study?
He studies	He does not study ou He doesn't study	Does He study?
She studies	She does not study ou She doesn't study	Does She study?
It studies	It does not study ou It doesn't study	Does It study?
You study	You do not study ou You don't study	Do You study?
We study	We do not study ou We don't study	Do We study?
They study	They do not study ou They don't study	Do They study?

14 - O **Simple Past**, tempo verbal Passado Simples, é usado para demonstrar uma ação que já aconteceu e ficou no passado, tal como um jogo que acabou, um evento que passou ou alguém que chegou, por exemplo.

15 - Há apenas um auxiliar que acompanha as frases interrogativas e negativas no Simple Past: did/didn’t.

11225354498 - Maria Vitória Gonçalves Vieira

16 - Decore:

16.1 - **Verbos regulares** são aqueles em que cujas terminações no tempo Past Simple apenas sofrem o acréscimo das partículas "-d" e "-ed" na maioria dos verbos – "She danced rock." (Ela dançou rock. – verbo "to dance" = dançar).

- Se o verbo terminar em vogal + a letra "y", recebem "-ed": "He played baseball." (Ele jogou beisebol).

- Se terminar em consoante + a letra "y", troca-se o "y" por "-ied": "She cried yesterday." (Ela chorou ontem. – verbo "to cry" = chorar).

16.2 - **Verbos irregulares** são aqueles em que as conjugações no tempo Past Simple sofrem diversas alterações, como mudança das letras (por exemplo, o verbo "to write" – escrever – se torna "wrote"), acréscimo de letras (por exemplo o verbo "to hear" – ouvir – se transforma em "heard"), entre outras modificações que acontecem.

17 - Atenção aos exemplos do verbo TO STUDY e TO DRIVE, conjugados nas três formas – afirmativa, negativa e interrogativa no tempo Past Simple:

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I studied	I did not study ou I didn't study	Did I study?
You studied	You did not study ou You didn't study	Did You study?
He studied	He did not study ou He didn't study	Did He study?
She studied	She did not study ou She didn't study	Did She study?
It studied	It did not study ou It didn't study	Did It study?
You studied	You did not study ou You didn't study	Did You study?
We studied	We did not study ou We didn't study	Did We study?
They studied	They did not study ou They didn't study	Did They study?

11225354498 - Maria Vitória Gonçalves Vieira

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I drove	I did not drive ou I didn't drive	Did I drive?
You drove	You did not drive ou You didn't drive	Did You drive?
He drove	He did not drive ou He didn't drive	Did He drive?
She drove	She did not drive ou She didn't drive	Did She drive?
It drove	It did not drive ou It didn't drive	Did It drive?
You drove	You did not drive ou You didn't drive	Did You drive?
We drove	We did not drive ou We didn't drive	Did We drive?
They drove	They did not drive ou They didn't drive	Did They drive?

18 - Quando se fala no tempo futuro, em inglês, muitas pessoas dizem: futuro é "will" ou então "going to". E as perguntas sobre a diferença entre "will" e "going to" são frequentes.

19 - As frases com o auxiliar "will" são imediatas pois, colocando-se "will" antes do verbo, pronto – transformou a ideia de presente em futuro, veja: "I will work." (Eu trabalharei.), "She will dance." (Ela dançará.), "They will study." (Eles estudarão.).

20 - As frases afirmativas são formadas por um sujeito, o auxiliar will, um verbo principal e o complemento – "Ela vai dançar amanhã cedo" – She will dance tomorrow in the morning.

21 - As frases interrogativas são formadas pelo auxiliar will no início da frase, um sujeito, um verbo principal e o complemento (onde, quando aconteceu, com quem, porque ou qualquer outra informação), exemplos: Will you run? Will he run? (Você vai correr? Ele vai correr?).

22 - As frases negativas são formadas por um sujeito, auxiliar will not ou abreviado won't, um verbo principal e o complemento (onde, quando aconteceu, com quem, porque ou qualquer outra informação), exemplos: I won't run. She won't run. (Eu não correrei. Ela não correrá.)

23 - Atenção aos exemplos do verbo TO STUDY, conjugado no futuro simples com WILL no "esquema" em todas as formas – afirmativa, negativa e interrogativa para fixar melhor.

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I will study	I will not study ou I won't study	Will I?
You will study	You will not study ou You won't study	Will You?
He will study	He will not study ou He won't study	Will He?
She will study	She will not study ou She won't study	Will She?
It will study	It will not study ou It won't study	Will It?
You will study	You will not study ou You won't study	Will You?
We will study	We will not study ou We won't study	Will We?
They will study	They will not study ou They won't study	Will They?

11225354498 - Maria Vitória Gonçalves Vieira

24 - Atenção aos exemplos do verbo TO STUDY, conjugado no futuro com GOING TO, em forma de "esquema" em todas as formas – afirmativa, negativa e interrogativa para você fixar melhor.

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I am going to study	I am not going to study ou I'm not going to study	Am I going to study?
You are going to study	You are not going to study ou You aren't going to study	Are you going to study?
He is going to study	He is not going to study ou He isn't going to study	Is he going to study?
She is going to study	She is not going to study ou She isn't going to study	Is she going to study?
It is going to study	It is not going to study ou It isn't going to study	Is it going to study?
You are going to study	You are not going to study ou You aren't going to study	Are you going to study?
We are going to study	We are not going to study ou We aren't going to study	Are we going to study?
They are going to study	They are not going to study ou They aren't going to study	Are they going to study?

25 - Atenção às regras ortográficas que precisam ser observadas ao acrescentar -ing aos verbos. O gerúndio será sempre utilizado após preposições, por exemplo:

"I have chances of being promoted in this company" (Eu tenho chances de ser promovido nessa empresa).

"I go swimming every Saturday "(Eu nado todos os sábados).

"Will you come fishing with me?" (Você virá pescar comigo?).

"I don't want to go bowling tonight" (Eu não quero ir ao boliche essa noite).

26 - Vejamos exemplos de alguns verbos, em forma de "esquema" no Gerúndio, conforme as regras e exemplos de como melhor usar:

GERUND		
Acrescenta-se –ING, retirando a letra "e" do final dos verbos TAKE – TAK**ING** DANCE – DANC**ING** LOVE – LOV**ING** entre outros	**Acrescenta-se –ING após preposições** THE STUDENTS HAVE NO REASONS FOR WORRY**ING** ABOUT THE TESTS. Os alunos não têm motivos para preocupar-se com as provas.	**Acrescenta-se –ING para atividades físicas** GO SWIMM**ING** GO FISH**ING** GO RID**ING** A BIKE entre outros
Acrescenta-se –ING para verbos na função de sujeito SWIMM**ING** IS HEALTHY. Natação é saudável.	**Acrescenta-se –ING para frases com dois verbos** THE DOCTORS LIKED OPERAT**ING** THE PATIENT IN THAT HOSPITAL. Os médicos gostaram de operar o paciente naquele hospital.	**Acrescenta-se –ING após expressões fixas** I FEEL LIKE READING. Estou a fim de ler.

11225354498 - Maria Vitória Gonçalves Vieira

27 - Atenção ao exemplo do verbo TO STUDY, no Present Continuous, em nosso "esquema":

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I am studying ou I'm studying	I am not studying ou I'm not studying	Am I studying?
You are studying ou You're studying	You are not studying ou You aren't studying	Are You studying?
He is studying ou He's studying	He is not studying ou He isn't studying	Is He studying?
She is studying ou She's studying	She is not studying ou She isn't studying	Is She studying?
It is studying ou It's studying	It is not studying ou It isn't studying	Is It studying?
You are studying ou You're studying	You are not studying ou You aren't studying	Are You studying?
We are studying ou We're studying	We are not studying ou We aren't studying	Are We studying?
They are studying ou They're studying	They are not studying ou They aren't studying	Are They studying?

28 - Atenção ao nosso "esquema", com o verbo TO STUDY, conjugado no Past Continuous:

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I was studying	I was not studying ou I wasn't studying	Was I studying?
You were studying	You were not studying ou You weren't studying	Were you studying?
He was studying	He was not studying ou He wasn't studying	Was he studying?
She was studying	She was not studying ou She wasn't studying	Was she studying?
It was studying	It was not studying ou It wasn't studying	Was it studying?
You were studying	You were not studying ou You weren't studying	Were you studying?
We were studying	We were not studying ou We weren't studying	Were we studying?
They were studying	They were not studying ou They weren't studying	Were they studying?

29 - Regras de uso correto do **Present Perfect**:

29.1 - Em primeiro lugar, ações que "vêm acontecendo recentemente", por exemplo: I have been sad recently (Ando triste recentemente/ Tenho estado triste recentemente) ou They have run every day at the park (Eles correm todos os dias no parque/Eles têm corrido todos os dias no parque).

29.2 - As frases afirmativas têm a seguinte estrutura: um sujeito, um verbo auxiliar have/has (terceiras pessoas do singular) e o verbo principal no particípio passado - She has studied "Ela tem estudado", They have worked very much. (Eles têm trabalhado muito).

29.3 - O verbo for irregular, o particípio não segue nenhuma regra, sendo geralmente feita troca de letras ou acréscimo de -en no final deles, como por exemplo to write (escrever), que no passado é wrote, no particípio fica written para qualquer sujeito.

11225354498 - Maria Vitória Gonçalves Vieira

30 - Atenção ao nosso "esquema", com o verbo TO STUDY, conjugado no Present Perfect:

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I have studied	I have not studied ou I haven't studied	Have I studied?
You have studied	You have not studied ou You haven't studied	Have You studied?
He has studied	He has not studied ou He hasn't studied	Has He studied?
She has studied	She has not studied ou She hasn't studied	Has She studied?
It has studied	It has not studied ou It hasn't studied	Has It studied?
You have studied	You have not studied ou You haven't studied	Have You studied?
We have studied	We have not studied ou We haven't studied	Have We studied?
They have studied	They have not studied ou They haven't studied	Have They studied?

31 - Atenção ao nosso "esquema", com o verbo TO STUDY, conjugado no Past Perfect:

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I had studied	I had not studied ou I hadn't studied	Has I studied?
You had studied	You had not studied ou You hadn't studied	Had you studied?
He had studied	He had not studied ou He hadn't studied	Had he studied?
She had studied	She had not studied ou She hadn't studied	Had she studied?
It had studied	It had not studied ou It hadn't studied	Had it studied?
You had studied	You had not studied ou You hadn't studied	Had you studied?
We had studied	We had not studied ou We hadn't studied	Had we studied?
They had studied	They had not studied ou They hadn't studied	Had they studied?

32 - O **Future Perfect** é usado para expressar ações que vão terminar, em um certo tempo no futuro, como se você já soubesse ou como se estivesse prevendo o que vai acontecer.

33 - Atenção ao "esquema" com a conjugação do verbo Study no Future Perfect:

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I will have studied	I will not have studied ou I won't have studied	Will I have studied?
You will have studied	You will not have studied ou You won't have studied	Will You have studied?
He will have studied	He will not have studied ou He won't have studied	Will He have studied?
She will have studied	She will not have studied ou She won't have studied	Will She have studied?
It will have studied	It will not have studied ou It won't have studied	Will It have studied?
You will have studied	You will not have studied ou You won't have studied	Will You have studied?
We will have studied	We will not have studied ou We won't have studied	Will We have studied?
They will have studied	They will not have studied ou They won't have studied	Will They have studied?

11225354498 - Maria Vitória Gonçalves Vieira

34 - O **verbo Can** é usado para expressar, na maioria das vezes, capacidade ou habilidade. Mas pode aparecer em frases também demonstrando possibilidade, alguma permissão informal ou fazendo um pedido informal.

Ex: They can speak French. (Eles sabem/conseguem falar francês – Habilidade)

35 - **Could** é usado quase que nas mesmas situações em que usamos can. Porém, com um "tom" mais educado. Expressa expressar capacidade, habilidade, possibilidade, permissão formal e pedido formal. Geralmente está presente em perguntas com um pouco de formalidade, já que haverá outros modais para casos de formalidade de fato.

Ex: I could see she was tired. (Eu podia ver que ela estava cansada.)

36 - **May** é usado para indicar permissão e possibilidade.

Ex: I may call you later when I leave my job. (Eu posso ligar para você mais tarde quando eu sair do meu trabalho.)

37 - **Might** é usado para indicar permissões mais formais, possibilidades remotas.

Ex: Might I borrow you pen? Mine is not on my table. (Posso pegar sua caneta emprestada? A minha não está e minha mesa.)

38 - **Must** é usado para exprimir obrigações e deduções (se for na afirmativa) e expressar proibição (na negativa) – must not/mustn't.

Ex: You must help her, it's your mom! (Você deve ajudá-la, é sua mãe!)

39 - **Should** ou **Ought** to são modais usados na mesma função, com o mesmo significado. São ambos usados para aconselhar, exprimir expectativas ou obrigações menos intensas.

Ex: They should/ought to wear seat belt while driving. (Eles deveriam usar cinto de segurança no carro enquanto está dirigindo)

40 - **Shall** é usado para formar orações que remetem a ações futuras, que ainda vão acontecer. Shall só é usado na primeira pessoa do singular (I) e do plural (We).

Ex: You can count on me. I shall arrive tomorrow. (Você pode contar comigo. Eu chegarei amanhã.)

41 - **Will e Would** são modais, porém são muito mais usados na função de auxiliar do futuro e frases condicionais, consecutivamente.

Will, acompanhando verbos principais, coloca-os no tempo futuro, como já vimos no capítulo específico do tempo futuro – I will travel tomorrow – Eu viajarei amanhã.

11225354498 - Maria Vitória Gonçalves Vieira

Would é basicamente a característica da polidez, da delicadeza.

Ex: I will study very much on the weekend. (Vou estudar muito no fim de semana).

42 - **Imperative Tense** é o tempo verbal em inglês usado para expressar ordens, pedidos, oferecer instruções e para aconselhar alguém. Para elaborar frases no Imperativo, basta usar os verbos em inglês no infinitivo (sua forma original sem conjugação) sem a preposição "to". O "to" é usado para mostrar os verbos separados, ou seja, fora das frases, não contextualizados.

43 - Exemplos de frases no modo Imperativo.

- Turn on the TV, please. (Ligue a TV, por favor.)
- Look at the book now, please. (Olhe para o livro agora, por favor.)
- Hey, John, bring me a cup of water, please. (Ei, John, traga-me um copo de água, por favor.)
- Go fast! (Vá rápido!)
- Listen to your teacher. (Ouça sua professora.)
- Sit down. / Stand up. (Sente-se. / Levante-se.)
- Close the door and the window. (Feche a porta e a janela.)
- Be careful. (Tome cuidado.)

44 - **Phrasal Verbs**, definidos de uma maneira mais simples, são verbos que vem acompanhados por preposições ou advérbios. Ou seja, é uma combinação de palavras formada por um verbo e uma preposição ou advérbio.

Exemplo:

"The paper plane blew away, but I got it." (O avião de papel voou com o vento mas consegui pegá-lo

11225354498 - Maria Vitória Gonçalves Vieira

“The boy banged about in the kitchen last night.” (O garoto fez muito barulho na cozinha ontem a noite.)

“It was so funny she couldn’t stop falling about.” (Foi tão engraçado que ela não conseguia parar de rir.)

“He bounced back and won the competition.” (Ele deu a volta por cima e ganhou a competição.)

“She was at the door and asked me in.” (Ela estava na porta e me convidou para entrar.)

“He added 10 dollars on for service.” (Ele incluiu/adicionou 10 dólares pelo serviço.)

“You have to bail out before sailing.” (Você tem que tirar a água do barco antes de navegar.)

“He came over.” (Ele veio para o nosso lado.)

“You should back up important documents.” (Você deveria fazer cópia dos documentos importantes.)

“Can you wait for me?” (Você pode me esperar?)

“They backed off when they see the police.” (Eles se afastaram ao ver a polícia.)

“My brother came down with pneumonia on the weekend.” (Meu irmão adoeceu de pneumonia no fim de semana.)

11225354498 - Maria Vitória Gonçalves Vieira

APOSTA ESTRATÉGICA

A ideia desta seção é apresentar os pontos do conteúdo que mais possuem chances de serem cobrados em prova, considerando o histórico de questões da banca em provas de nível semelhante à nossa.

Mas o que focar dentro dos temas abordados nessa aula? Qual é a aposta estratégica?

1 - Saiba conjugar os verbos em seus respectivos tempos verbais:

verbo to be no presente:

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I am ou I'm	I am not ou I'm not	Am I?
You are ou You're	You are not ou You aren't	Are You?
He is ou He's	He is not ou He isn't	Is He?
She is ou She's	She is not ou She isn't	Is She?
It is ou It's	It is not ou It isn't	Is It?
You are ou You're	You are not ou You aren't	Are You?
We are ou We're	We are not ou We aren't	Are We?
They are ou They're	They are not ou They aren't	Are They?

verbo to be no passado:

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I was	I was not ou I wasn't	Was I?
You were	You were not ou You weren't	Were you?
He was	He was not ou He wasn't	Was he?
She was	She was not ou She wasn't	Was she?
It was	It was not ou It wasn't	Was it?
You were	You were not ou You weren't	Were you?
We were	We were not ou We weren't	Were we?
They were	They were not ou They weren't	Were they?

11225354498 - Maria Vitória Gonçalves Vieira

Present Simple do verbo Study:

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I study	I do not study ou I don't study	Do I study?
You study	You do not study ou You don't study	Do You study?
He studies	He does not study ou He doesn't study	Does He study?
She studies	She does not study ou She doesn't study	Does She study?
It studies	It does not study ou It doesn't study	Does It study?
You study	You do not study ou You don't study	Do You study?
We study	We do not study ou We don't study	Do We study?
They study	They do not study ou They don't study	Do They study?

Verbo TO STUDY e TO DRIVE, conjugados nas três formas – afirmativa, negativa e interrogativa no tempo Past Simple:

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I studied	I did not study ou I didn't study	Did I study?
You studied	You did not study ou You didn't study	Did You study?
He studied	He did not study ou He didn't study	Did He study?
She studied	She did not study ou She didn't study	Did She study?
It studied	It did not study ou It didn't study	Did It study?
You studied	You did not study ou You didn't study	Did You study?
We studied	We did not study ou We didn't study	Did We study?
They studied	They did not study ou They didn't study	Did They study?

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I drove	I did not drive ou I didn't drive	Did I drive?
You drove	You did not drive ou You didn't drive	Did You drive?
He drove	He did not drive ou He didn't drive	Did He drive?
She drove	She did not drive ou She didn't drive	Did She drive?
It drove	It did not drive ou It didn't drive	Did It drive?
You drove	You did not drive ou You didn't drive	Did You drive?
We drove	We did not drive ou We didn't drive	Did We drive?
They drove	They did not drive ou They didn't drive	Did They drive?

11225354498 - Maria Vitória Gonçalves Vieira

Verbo TO STUDY, conjugado no futuro simples com WILL no "esquema" em todas as formas – afirmativa, negativa e interrogativa.

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I will study	I will not study ou I won't study	Will I?
You will study	You will not study ou You won't study	Will You?
He will study	He will not study ou He won't study	Will He?
She will study	She will not study ou She won't study	Will She?
It will study	It will not study ou It won't study	Will It?
You will study	You will not study ou You won't study	Will You?
We will study	We will not study ou We won't study	Will We?
They will study	They will not study ou They won't study	Will They?

Verbo TO STUDY, conjugado no futuro com GOING TO, em forma de "esquema" em todas as formas – afirmativa, negativa e interrogativa.

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I am going to study	I am not going to study ou I'm not going to study	Am I going to study?
You are going to study	You are not going to study ou You aren't going to study	Are you going to study?
He is going to study	He is not going to study ou He isn't going to study	Is he going to study?
She is going to study	She is not going to study ou She isn't going to study	Is she going to study?
It is going to study	It is not going to study ou It isn't going to study	Is it going to study?
You are going to study	You are not going to study ou You aren't going to study	Are you going to study?
We are going to study	We are not going to study ou We aren't going to study	Are we going to study?
They are going to study	They are not going to study ou They aren't going to study	Are they going to study?

Verbo TO STUDY, no Present Continuous.

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I am studying ou I'm studying	I am not studying ou I'm not studying	Am I studying?
You are studying ou You're studying	You are not studying ou You aren't studying	Are You studying?
He is studying ou He's studying	He is not studying ou He isn't studying	Is He studying?
She is studying ou She's studying	She is not studying ou She isn't studying	Is She studying?
It is studying ou It's studying	It is not studying ou It isn't studying	Is It studying?
You are studying ou You're studying	You are not studying ou You aren't studying	Are You studying?
We are studying ou We're studying	We are not studying ou We aren't studying	Are We studying?
They are studying ou They're studying	They are not studying ou They aren't studying	Are They studying?

11225354498 - Maria Vitória Gonçalves Vieira

Verbo TO STUDY, conjugado no Past Continuous:

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I was studying	I was not studying ou I wasn't studying	Was I studying?
You were studying	You were not studying ou You weren't studying	Were you studying?
He was studying	He was not studying ou He wasn't studying	Was he studying?
She was studying	She was not studying ou She wasn't studying	Was she studying?
It was studying	It was not studying ou It wasn't studying	Was it studying?
You were studying	You were not studying ou You weren't studying	Were you studying?
We were studying	We were not studying ou We weren't studying	Were we studying?
They were studying	They were not studying ou They weren't studying	Were they studying?

verbo TO STUDY, conjugado no Present Perfect:

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I have studied	I have not studied ou I haven't studied	Have I studied?
You have studied	You have not studied ou You haven't studied	Have You studied?
He has studied	He has not studied ou He hasn't studied	Has He studied?
She has studied	She has not studied ou She hasn't studied	Has She studied?
It has studied	It has not studied ou It hasn't studied	Has It studied?
You have studied	You have not studied ou You haven't studied	Have You studied?
We have studied	We have not studied ou We haven't studied	Have We studied?
They have studied	They have not studied ou They haven't studied	Have They studied?

Verbo TO STUDY, conjugado no Past Perfect:

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I had studied	I had not studied ou I hadn't studied	Has I studied?
You had studied	You had not studied ou You hadn't studied	Had you studied?
He had studied	He had not studied ou He hadn't studied	Had he studied?
She had studied	She had not studied ou She hadn't studied	Had she studied?
It had studied	It had not studied ou It hadn't studied	Had it studied?
You had studied	You had not studied ou You hadn't studied	Had you studied?
We had studied	We had not studied ou We hadn't studied	Had we studied?
They had studied	They had not studied ou They hadn't studied	Had they studied?

11225354498 - Maria Vitória Gonçalves Vieira

Verbo Study no Future Perfect:

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I will have studied	I will not have studied ou I won't have studied	Will I have studied?
You will have studied	You will not have studied ou You won't have studied	Will You have studied?
He will have studied	He will not have studied ou He won't have studied	Will He have studied?
She will have studied	She will not have studied ou She won't have studied	Will She have studied?
It will have studied	It will not have studied ou It won't have studied	Will It have studied?
You will have studied	You will not have studied ou You won't have studied	Will You have studied?
We will have studied	We will not have studied ou We won't have studied	Will We have studied?
They will have studied	They will not have studied ou They won't have studied	Will They have studied?

2 - Atenção ao "esquema" no Gerúndio, conforme as regras e exemplos de como melhor usar:

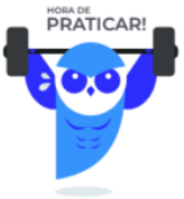

GERUND		
Acrescenta-se –ING, retirando a letra "e" do final dos verbos TAKE – TAK**ING** DANCE – DANC**ING** LOVE – LOV**ING** entre outros	**Acrescenta-se –ING após preposições** THE STUDENTS HAVE NO REASONS FOR WORRY**ING** ABOUT THE TESTS. Os alunos não têm motivos para preocupar-se com as provas.	**Acrescenta-se –ING para atividades físicas** GO SWIMM**ING** GO FISH**ING** GO RID**ING** A BIKE entre outros
Acrescenta-se –ING para verbos na função de sujeito SWIMM**ING** IS HEALTHY. QUESTÕES ESTRATÉGICAS

Nesta seção, apresentamos e comentamos uma amostra de questões objetivas selecionadas estrategicamente: são questões com nível de dificuldade semelhante ao que você deve esperar para a sua prova e que, em conjunto, abordam os principais pontos do assunto.

A ideia, aqui, não é que você fixe o conteúdo por meio de uma bateria extensa de questões, mas que você faça uma boa revisão global do assunto a partir de, relativamente, poucas questões.

1. (2024 - FGV - Controladoria Geral do Estado da Paraíba - Auditor de Contas Públicas - Auditoria de Obras Públicas (CGE PB))

Audit data analytics, machine learning, and full population testing

Technologies are evolving at an unprecedented pace and pose significant challenges and opportunities to companies and related parties, including the accounting profession. In today's business environment, it is inevitable for companies to react quickly to changing conditions and markets. Many companies are seeking better ways to utilize emerging technologies to transform how they conduct business. We live in an age of information explosion, with technologies capable of making revolutionary changes in various industries and reshaping business models. At present, many companies view data as one of their most valuable assets. They amass an unprecedented amount of data from their daily business operation and strive to harness the power of data through analytics. Emerging technologies like robotic process automation, machine learning, and data analytics also impact the accounting profession. It is important for the profession to understand the impacts, opportunities, and challenges of these technologies.

Specifically, in audit and assurance areas, data analytics and machine learning will lead to many changes in the foreseeable future. Audit sampling is one such potential change. The use of sampling in audits has been criticized since it only provides a small snapshot of the entire population. To address this major issue, this study introduces the idea of applying audit data analytics and machine learning for full population testing through the concept of "audit-by-exception" and "exceptional exceptions." In this way, the emphasis of audit work shifts from "transaction examination" to "exception examination" and prioritizes the exceptions based on different criteria. Consequently, auditors can assess the associated risk based on the entire population of the transactions and thus enhance the effectiveness and efficiency of the audit process.

Adapted from the introduction to a study published in: https://www.sciencedirect.com/science/article/pii/S240591882200006X

11225354498 - Maria Vitória Gonçalves Vieira

The verb form in “has been criticized” (2nd paragraph) is in the:

A) simple past, active voice;

B) simple past, passive voice;

C) present perfect, active voice;

D) present perfect, passive voice;

E) present continuous, passive voice

Comentários:

- “has been”: Esta construção é formada pelo verbo auxiliar "has" (forma do presente do verbo "have") seguido do participio "been" (do verbo "be").
- “criticized”: Este é o participio passado do verbo "criticize".

Identificação da Forma Verbal

1. Tempo Verbal: A utilização de “has been” indica que a frase está no presente perfeito. Esse tempo é usado para falar sobre ações que ocorreram em algum momento no passado, mas que têm relevância ou conexão com o presente.
2. Voz: A frase é passiva, pois o sujeito (que é o objeto que recebe a ação) não está realizando a ação de criticar, mas sim sendo criticado. Portanto, "has been criticized" é uma construção passiva.

A forma verbal “has been criticized” está na presente perfeito, voz passiva.

Resposta Correta

present perfect, passive voice.

Entender a forma verbal é essencial, especialmente em contextos de auditoria e contabilidade, onde a precisão na comunicação e documentação é crucial. No caso da auditoria, a clareza nas afirmações sobre as críticas ou falhas identificadas pode impactar significativamente as decisões e ações subsequentes, tornando o domínio da linguagem e da gramática uma habilidade vital para os profissionais da área. Além disso, o presente perfeito muitas vezes sugere a continuidade ou a relevância das ações passadas para a situação atual, o que é uma consideração importante em relatórios e análises.

Gabarito Letra D

2. (2022 - FGV - Receita Federal do Brasil - Auditor Fiscal da Receita Federal do Brasil (RFB))

How trade can become a gateway to climate resilience

11225354498 - Maria Vitória Gonçalves Vieira

Most people don't think about climate change when they lift a café latte to their lips or nibble on a square of chocolate — but this could soon change.

Based on current trajectories, around a quarter of Brazil's coffee farms and 37% of Indonesia's are likely to be lost to climate change. Swathes of Ghana and Côte d'Ivoire — where most of the world's chocolate is sourced — will become too hot to grow cocoa by 2050.

Climate-related droughts and deadly heatwaves across the world have coincided with severe storms, cyclones, hurricanes, and, of course, a pandemic. As a consequence of these shocks, millions of people have been left without homes, and a growing number of people now face starvation and a total collapse of livelihoods as growing and exporting staple crops becomes untenable.

We must immediately rethink the shape of our economies, agricultural systems and consumption patterns. Our priority is to manufacture climate resilience in global economies and societies — and we must do it quickly.

Trade can kickstart the emergence of climate-resilient economies, especially in the poorest countries. Trade has a multiplier effect on economies by driving production growth and fostering the expansion of export industries. By shifting focus to production and exports that increase climate resilience, there is potential to exponentially increase the land surface and trade processes prepared to withstand the climate crisis.

Adapted from: https://www.weforum.org/agenda/2022/07/trade-can-be-agateway-to-climate-resilience

The position of the writer is that the situation described

A) could be shrugged off.
B) will not offer any harm.
C) ought to shift promptly.
D) should be taken lightly.
E) needs to be overlooked.

Comentários:

O texto enfatiza os efeitos severos da mudança climática em culturas importantes, como café e cacau, e destaca que, se não forem tomadas medidas, muitos produtores poderão perder suas fontes de renda e sustento.

O autor defende a necessidade de repensar as economias e os sistemas agrícolas, com uma ênfase clara na urgência da situação, como indicado pelas frases que falam sobre a necessidade de "fabricar resiliência climática" e agir "rapidamente".

O comércio é apresentado como uma ferramenta para fomentar economias mais resilientes, especialmente nos países mais pobres, o que indica que há uma necessidade urgente de mudança nas abordagens atuais.

11225354498 - Maria Vitória Gonçalves Vieira

Identificação da Posição do Autor

A posição do autor não é uma de desprezo ou leveza em relação ao problema; ao contrário, ele argumenta que a situação é grave e requer uma mudança imediata nas práticas econômicas e agrícolas.

A escolha da letra C reflete a urgência da mensagem do texto. O autor está claramente enfatizando a necessidade de ações rápidas e efetivas para lidar com os desafios impostos pela mudança climática, especialmente em relação ao comércio e à produção agrícola. A resiliência climática não deve ser uma consideração secundária; ela deve ser uma prioridade na formulação de políticas e estratégias de desenvolvimento econômico. Essa perspectiva é fundamental para os formuladores de políticas, especialmente aqueles na Receita Federal do Brasil e outras instituições, onde decisões podem impactar a sustentabilidade e a resiliência econômica em um contexto de crise climática global.

Read the text and answer the question that follows it.

Diversity and Inclusive Teaching

Teaching to engage diversity, to include all learners, and to seek equity is essential for preparing civically engaged adults and for creating a campus and society that recognizes the contributions of all people. Teaching for diversity refers to acknowledging a range of differences in the classroom. Teaching for inclusion signifies embracing difference. Teaching for equity allows the differences to transform the way we think, teach, learn and act such that all experiences and ways of being are handled with fairness and justice. These ideas complement each other and enhance educational opportunities for all students when simultaneously engaged. […]

Inclusive teaching strategies are intended to ensure that all students feel supported such that they freely learn and explore new ideas, feel safe to express their views in a civil manner, and are respected as individuals and members of groups. Intentionally incorporating inclusive teaching strategies helps students view themselves as people who belong to the community of learners in a classroom and university.

Adapted from https://ctal.udel.edu/resources-2/inclusive-teaching/

The verb “seek” (1st paragraph) presents the base form, the simple past and the past participle in the same way as in:

A) rise-rose-risen.

B) fly- flew- flown.

C) read – read- read.

11225354498 - Maria Vitória Gonçalves Vieira

D) take – took- taken.

E) buy - bought- bought.

Comentários:

A palavra "seek" é um verbo irregular em inglês, e sua conjugação é:

- Base form: seek
- Simple past: sought
- Past participle: sought

Analisando as opções apresentadas:

A. rise - rose - risen (base form, simple past, past participle)
B. fly - flew - flown (base form, simple past, past participle)
C. read - read - read (base form, simple past, past participle)
D. take - took - taken (base form, simple past, past participle)
E. buy - bought - bought (base form, simple past, past participle)

O gabarito correto é a letra E. buy - bought - bought, pois todas as formas do verbo "buy" seguem a mesma estrutura, assim como "seek" em relação ao seu uso no texto. Essa escolha destaca a importância de reconhecer e entender as diferentes formas dos verbos irregulares, que não seguem as regras comuns de formação do passado e do particípio passado. Compreender essas variações é essencial para a fluência e a precisão na comunicação em inglês, especialmente em contextos acadêmicos e formais.

Gabarito Letra E

4. (FGV - 2023 - Auditor Fiscal da Receita Federal do Brasil/Geral)

Adding ethics to public finance

Evolutionary moral psychologists point the way to **garnering** broader support for fiscal policies

Policy decisions on taxation and public expenditures intrinsically reflect moral choices. How much of your hard-earned money is it fair for the state to collect through taxes? Should the rich pay more? Should the state provide basic public services such as education and health care for free to all citizens? And so on.

Economists and public finance practitioners have traditionally focused on economic efficiency. When considering distributional issues, they have generally steered clear of moral considerations, perhaps fearing these could be seen as subjective. However, recent work by evolutionary moral psychologists suggests that policies can be better designed and muster broader support if policymakers consider the full range of moral perspectives on public finance. A few pioneering empirical applications of this approach in the field of economics have shown promise.

11225354498 - Maria Vitória Gonçalves Vieira

For the most part, economists have customarily analyzed redistribution in a way that requires users to provide their own preferences with regard to inequality: Tell economists how much you care about inequality, and they can tell you how much redistribution is appropriate through the tax and benefit system. People (or families or households) have usually been considered as individuals, and the only relevant characteristics for these exercises have been their incomes, wealth, or spending potential.

There are two — understandable but not fully satisfactory — reasons for this approach. First, economists often wish to be viewed as objective social scientists. Second, most public finance scholars have been educated in a tradition steeped in values of societies that are WEIRD (Western, Educated, Industrialized, Rich, and Democratic). In this context, individuals are at the center of the analysis, and morality is fundamentally about the golden rule — treat other people the way that you would want them to treat you, regardless of who those people are. These are crucial but ultimately insufficient perspectives on how humans make moral choices.

Evolutionary moral psychologists during the past couple of decades have shown that, faced with a moral dilemma, humans decide quickly what seems right or wrong based on instinct and later justify their decision through more deliberate reasoning. Based on evidence presented by these researchers, our instincts in the moral domain evolved as a way of fostering cooperation within a group, to help ensure survival. This modern perspective harks back to two moral philosophers of the Scottish Enlightenment — David Hume and Adam Smith — who noted that sentiments are integral to people's views on right and wrong. But most later philosophers in the Western tradition sought to base morality on reason alone.

Moral psychologists have recently shown that many people draw on moral perspectives that go well beyond the golden rule. Community, authority, divinity, purity, loyalty, and sanctity are important considerations not only in many non-Western countries, but also among politically influential segments of the population in advanced economies, as emphasized by proponents of moral foundations theory.

Regardless of whether one agrees with those broader moral perspectives, familiarity with them makes it easier to understand the underlying motivations for various groups' positions in debates on public policies. Such understanding may help in the design of policies that can muster support from a wide range of groups with differing moral values.

In the subtitle, "garnering" comes from the notion of

A) storing grains.

B) renting garrets.

C) making garlands.

D) lapidating garnets.

E) charging garrisons.

11225354498 - Maria Vitória Gonçalves Vieira

Comentários:

No subtítulo, "garnering" refere-se à ideia de "reunir" ou "coletar" apoio ou suporte. O termo tem raízes na ideia de "armazenar" ou "guardar" algo valioso, como grãos. Analisando as opções apresentadas:

A. storing grains (armazenar grãos)
B. renting garrets (alugar sótãos)
C. making garlands (fazer guirlandas)
D. lapidating garnets (lapidar granadas)
E. charging garrisons (cobrar guarnições)

A opção que melhor se alinha ao significado de "garnering" no contexto do subtítulo é a A. storing grains, pois a palavra "garner" originalmente se referia a reunir ou armazenar algo, especialmente em um sentido mais metafórico, como reunir apoio ou consenso.

A escolha da letra A destaca a conexão entre o conceito de "garnering" e a coleta de apoio, que é essencial para a formulação de políticas fiscais mais eficazes e amplamente apoiadas. No contexto apresentado, entender as raízes etimológicas e os significados das palavras é importante para apreciar a complexidade dos debates sobre políticas públicas. Reconhecer o valor de uma abordagem que integra considerações éticas e morais nas decisões financeiras pode ajudar a promover um diálogo mais inclusivo e construtivo na sociedade.

5. (FGV - 2023 - Analista Tributário da Receita Federal do Brasil/Geral)

Text II

Global commerce

Driverless vehicles whizz across five new berths at Tuas Mega Port, which sits on a swathe of largely reclaimed land at the western tip of Singapore. Unmanned cranes loom overhead, circled by camera-fitted drones. The berths are the first of 21 due by 2027. When it is completed in 2040, the complex will be the largest container port on Earth, boasts PSA International, its Singaporean owner.

Tuas is a vision of the future on two fronts. It illustrates how port operators the world over are deploying clever technologies to meet the demand for their services in the face of obstacles to the development of new facilities, from lack of space to environmental concerns. More fundamentally, the city-state's investment, with construction costs estimated at $15bn, is part of a wave of huge bets by the broader logistics industry on the rising importance of Asia, and South-East Asia in particular. The IMF expects the region's five largest economies—Indonesia, Malaysia, Singapore, the Philippines and Thailand—to be the fastest-growing bloc in the world by trade volumes between 2022 and 2027. The result is that the map of global commerce and the blueprints for its critical nodes are being simultaneously redrawn.

11225354498 - Maria Vitória Gonçalves Vieira

From: The Economist, January 14, 2023, pp. 57-58

The use of the verb “loom” in “Unmanned cranes loom overhead” (1st paragraph) helps build an atmosphere that is rather

A) flattering.

B) reassuring.

C) heartening.

D) frightening.

E) enchanting.

Comentários:

Analisando as opções:

A. flattering (lisonjeiro)
B. reassuring (tranquilizador)
C. heartening (encorajador)
D. frightening (assustador)
E. enchanting (encantador)

A resposta correta é D. frightening, pois a palavra "loom" sugere uma qualidade de ameaça ou preocupação, contribuindo para uma atmosfera que pode ser vista como assustadora.

A escolha do verbo "loom" neste contexto é significativa, pois transmite a ideia de que as tecnologias automatizadas no porto, embora inovadoras, também evocam uma sensação de vigilância e poder. Isso pode refletir as preocupações contemporâneas em torno da automação e do seu impacto no emprego e na segurança. O uso de linguagem evocativa é uma técnica poderosa em textos descritivos, pois não apenas informa, mas também molda a percepção do leitor sobre os avanços tecnológicos e suas implicações no comércio global. Essa abordagem crítica é essencial para entender as nuances do desenvolvimento da infraestrutura e suas repercussões na sociedade.

6. FGV - 2023 - Professor de Educação Básica (SEDUC TO)/Letras/Inglês

11225354498 - Maria Vitória Gonçalves Vieira

Text IV

https://www.macmillanenglish.com/br/

The verb in "Empower your students" is in the

A) infinitive.

B) imperative.

C) subjunctive.

D) simple future.

E) simple present

Comentários:

O verbo na frase "Empower your students" está no:

a) infinitivo. = to empower

INCORRETA

A forma infinitiva é utilizada com a partícula *to*, como em *to empower* (empoderar).

Ex.: *teachers need to empower students to make the difference in the future.*

b) imperativo = empower com sentido de instrução

CORRETA

A forma apresentada no texto é no modo imperativo e é direcionada ao professor.

Vale ressaltar que o imperativo utiliza a forma base do verbo, mas o modo verbal é identificado pelo seu significado no contexto, e não apenas pela palavra em si.

11225354498 - Maria Vitória Gonçalves Vieira

No texto, o verbo *empower* transmite uma instrução ou orientação, por isso é possível identificar que está no modo imperativo.

O texto mencionado na questão apresenta a seguinte frase:

"Empower your students to become the change makers the world needs to create a better future."

"Empodere seus alunos para se tornarem os agentes de mudança que o mundo precisa para criar um futuro melhor."

c) subjuntivo = empower = expressa recomendação, desejo, sugestão, comandos, exigências

INCORRETA

O modo subjuntivo é utilizado na forma base do verbo.

Assim, *empower* poderia estar no modo subjuntivo, mas o sentido de *empower* no texto é de instrução ou orientação, portanto, está no imperativo.

O subjuntivo é usado para expressar recomendações, sugestões, desejos, comandos e exigências.

Ex.: *the director suggests that the teacher empower his students.* (sugestão)

Ex.: *it's vital that the child go to bed early.* (recomendação)

Ex.: *The director has issued an order that the teacher empower more students from now on.* (comando)

Note que o verbo no modo subjuntivo não é conjugado, portanto, o subjuntivo é sempre usado na forma base do verbo, inclusive para *he / she / it* ou substantivo equivalente, sem conjugação.

d) futuro simples.

INCORRETA

O futuro simples é formado por *will* + verbo principal (sem *to* = bare infinitive).

Ex.: *teachers will empower even more students to be change makers.*

e) presente simples.

INCORRETA

O presente simples é escrito na forma base do verbo, com ou sem conjugação na terceira pessoa do singular.

11225354498 - Maria Vitória Gonçalves Vieira

A diferença entre a forma imperativa e o presente simples é que o presente simples expressa fatos, rotinas ou verdades científicas, enquanto o modo imperativo expressa uma ordem, instrução ou orientação, como no texto apresentado na questão.

Exemplo de *to empower* no presente simples: *This is a teacher who empowers all her students to be change makers.*

Gabarito Letra B

7. (FGV - 2023 - Professor de Educação Básica (SEE MG)/Língua Inglesa)

English as an Additional Language: Enhancing Critical Digital Literacy

EAL classrooms are spaces to build communicative competence in the English language. That language has a unique role for many people around the world. For those without financial resources who do not live in English dominant countries, the digital sphere is perhaps the only space in which authentic use of the language is likely to take place. For learners situated in inner circle countries, effective use of the language can make the difference between social, economic and political exclusion, or inclusion. This is also true for a lesser extent in outer circle countries. For those in expanding circle countries, English is becoming a language of the global elite in political, economic, and academic life. In all of these circles, it is often used as a lingua franca. Sociocultural theory states that true competence in encoding and decoding language can only exist when there is an understanding of the cultural realities attached to the communication when it is used. Digital media provide the vector of communication for a tremendous number of communicative acts in all of the circles, but communication in the digital medium carries special attributes that are not necessarily obvious or transparent. Therefore, it seems imperative to arm language users with an understanding of communication issues the digital realm as well as an understanding of the implication of communication in this space. Furthermore, there is an ethical responsibility to empower language users from a variety of background with equal agency and therefore equal voice. Doing so requires more than just technical skills, but also skills of critique and critical language awareness, productive ability, and an understanding of agency and rights claims that stretch from the linguistic to the economic and political. By reimagining Critical Language Awareness as a component of a multiliteracy approach that encompasses the full spectrum of analogue to digital communication in English, teachers, students, and policy makers can work toward making language studies as relevant, authentic, and empowering as possible.

Adapted from: (PDF) English as an Additional Language: Enhancing Critical Digital Literacy (researchgate.net)

In “to arm language users”, the word “arm” is a(n)

A) adjunct.

B) adverb.

C) noun.

11225354498 - Maria Vitória Gonçalves Vieira

D) verb.

Comentários:

A palavra "arm" em “to arm language users” é um:

D) verbo.

Comentário:

No contexto da frase, "arm" é usado como um verbo que significa fornecer ou equipar. A expressão "to arm language users" sugere que os usuários da linguagem devem ser preparados ou equipados com as habilidades e conhecimentos necessários para navegar e se comunicar eficazmente no espaço digital.

O uso de "arm" enfatiza a importância de equipar os aprendizes com mais do que apenas habilidades técnicas, incluindo também habilidades críticas e consciência linguística, essenciais para uma comunicação eficaz no contexto digital. Portanto, a escolha da alternativa D é correta, pois "arm" é um verbo que descreve a ação de capacitar ou equipar os usuários da linguagem.

Gabarito Letra D

8. (FGV - 2023 - Professor II (Pref SJC)/Inglês)

Read the text and answer the question that follows it:

Multimodality in the English language classroom: A systematic review of literature

Literacy in the 21st century is now no longer regarded simply as the ability to use a language competently in a mono-cultural setting. Literacy today involves students knowing how to navigate across an increasingly complex communication landscape and to negotiate a range of contexts and patterns of intercultural meanings as well as the prevalence of multimodal texts.

Contemporary communication environment is characterised by multimodal meaning-making, that is the “multiplicities of media and modes”, as well as “increasing local diversity and global connectedness” (New London Group, 1996, p. 62) which necessitates a shift in the pedagogical approaches that are adopted by teachers. This is especially so in the digital age where a sole focus on language in literacy is no longer sufficient for the new workplace given that a revised sense of ‘competence’ is required. The recognition of social diversity also demands pedagogical approaches that engage with the transcultural and multicultural classroom. Issues of the day such as fake news and social justice concerns also need to be addressed in the literacy classroom.

Multimodality focuses on understanding how semiotic resources (visual, gestural, spatial, linguistic, and others) work and are organised. Multimodality in education adopts an expanded view of literacy to include the range of multimodal communicative practices which young people are involved in today's digital age. Multimodal pedagogies refer to the ways in which the teacher can design learning experiences using a range of multimodal resources. It involves teachers

11225354498 - Maria Vitória Gonçalves Vieira

making design choices in the ways in which the curriculum content is expressed, arranged, and sequenced multimodally. Multimodal pedagogies also involve designing opportunities for students to explore and perform ideas and identities using a range of meaning-making resources. The teaching and learning activities often involve drawing from the students' funds of knowledge and their lifeworld. With multimodal pedagogies, teachers orchestrate the learning process by weaving together a series of knowledge representations into a cohesive tapestry and in so doing make apt selection of meaning-making resources to design the students' learning experience.

Adapted from https://www.sciencedirect.com/science/article/abs/pii/S0898589822000365

The modal verb in "The teacher can design learning experiences" (3rd paragraph) indicates:

A) necessity.

B) obligation.

C) prediction.

D) possibility.

E) probability

Comentários:

O verbo modal na frase "The teacher can design learning experiences" indica:

D) possibilidade.

Na frase, o uso do verbo modal "can" expressa a capacidade ou a possibilidade de que o professor possa projetar experiências de aprendizado. Diferentemente de "must," que indicaria obrigação, ou "should," que poderia sugerir recomendação, "can" enfatiza que é viável para o professor realizar essa ação.

Essa interpretação é consistente com o contexto apresentado no texto, que discute abordagens pedagógicas multimodais, onde a habilidade do professor em desenhar experiências de aprendizado é uma parte essencial do processo educacional. Portanto, a escolha da alternativa D é a correta, pois reflete a ideia de possibilidade no uso do verbo modal "can."

Teaching Reading Strategies

11225354498 - Maria Vitória Gonçalves Vieira

No matter what we are reading there are effective reading strategies we call on in order to make meaning from the text. Many of these strategies can be taught with comics and graphic novels. The ones highlighted below are particularly important when reading graphic texts.

Drawing Inferences

In comics and graphic novels, perhaps more than any other text, readers must build understanding by filling in gaps. A whole world of information is left in the gutter between the panels. The comic artist expects the reader to infer the action that takes place off the page. The more complex and sophisticated the comic, the more important this strategy becomes. If the reader is not making inferences, he is lost. Understanding this strategy and using it effectively will help students read 'between the lines' in more traditional print narratives.

Visualization

Students who struggle with reading may not understand what should be going on in the reader's imagination during reading. With comics and other visual texts, the images are there for the reader. Through comics students can be taught how to create their own mental images when reading more traditional texts.

It is important that students understand the visual cues that are provided in the text. Although the words and images work together to tell the story, comics are primarily visual narratives. Therefore readers must draw on and integrate some important background knowledge and understandings about visual texts, comic elements and narrative structures in order to make meaning. The more knowledge readers have about the way visual texts work, the more successful they are likely to be.

Adapted from https://www.literacytoday.ca/home/reading/reading-strategies/reading-visual-texts/reading-comics

In the excerpt "readers must build "(2nd paragraph) one can infer a:

A) permission.

B) possibility.

C) capability.

D) necessity.

E) negation.

Comentários:

No trecho "readers must build" (2ª parágrafo), pode-se inferir uma:

D) necessidade.

A palavra "must" indica uma obrigação ou necessidade. No contexto da leitura de quadrinhos e graphic novels, os leitores precisam "construir" compreensão, o que implica que essa habilidade

11225354498 - Maria Vitória Gonçalves Vieira

é essencial para o entendimento do texto. A frase sugere que, sem essa construção de significado, o leitor pode ficar "perdido", reforçando a ideia de que é necessário fazer inferências para preencher as lacunas e compreender a narrativa de maneira eficaz. Portanto, a alternativa D é a correta, pois transmite a ideia de que a construção de entendimento é uma necessidade ao ler textos gráficos.

The base form, past form, and past participle of the main verb in "he is lost" (2nd paragraph) are:

A) lost – lost – lost.

B) lose – lost – lost.

11225354498 - Maria Vitória Gonçalves Vieira

C) lose – lose – lost.

D) loose – lost – lost.

E) loose – lose – lost.

Comentários:

A forma base, a forma passada e o particípio passado do verbo principal na frase “he is lost” (2ª parágrafo) são:

B) lose – lost – lost.

- Forma base: "lose" é o verbo que significa "perder."
- Forma passada: "lost" é a forma passada do verbo, indicando a ação de perder que ocorreu no passado.
- Particípio passado: "lost" também é usado como particípio passado, frequentemente em tempos compostos ou na voz passiva.

A opção A ("lost – lost – lost") não está correta, pois "lost" não é a forma base do verbo. As opções D e E usam "loose," que significa "solto," e não estão relacionadas ao contexto da frase. Portanto, a alternativa B é a resposta correta, refletindo a conjugação adequada do verbo "lose."

Gabarito Letra B

QUESTIONÁRIO DE REVISÃO E APERFEIÇOAMENTO

Nesta seção, apresentamos e comentamos uma amostra de questões objetivas selecionadas estrategicamente: são questões com nível de dificuldade semelhante ao que você deve esperar para a sua prova e que, em conjunto, abordam os principais pontos do assunto.

A ideia, aqui, não é que você fixe o conteúdo por meio de uma bateria extensa de questões, mas que você faça uma boa revisão global do assunto a partir de, relativamente, poucas questões.

Perguntas

1. Conjugue o verbo to be no presente em sua affirmative form, em sua negative form e em sua interrogative form.

2. Conjugue o verbo to be no passado em sua affirmative form, em sua negative form e em sua interrogative form.

3. Conjugue o verbo Study na present simple em sua affirmative form, em sua negative form e em sua interrogative form.

11225354498 - Maria Vitória Gonçalves Vieira

4. Conjugue o verbo Study no past simple em sua affirmative form, em sua negative form e em sua interrogative form.

5. Conjugue o verbo to drive no past simple em sua affirmative form, em sua negative form e em sua interrogative form.

6. Conjugue o verbo to study no futuro simples com willl em sua affirmative form, em sua negative form e em sua interrogative form

7. Conjugue o verbo to study no futuro com going to em sua affirmative form, em sua negative form e em sua interrogative form.

8. Conjugue o verbo to study no present continuos em sua affirmative form, em sua negative form e em sua interrogative form.

9. Conjugue o verbo to study no past continuos em sua affirmative form, em sua negative form e em sua interrogative form.

10. Conjugue o verbo to study no preent perfect em sua affirmative form, em sua negative form e em sua interrogative form.

11. Conjugue o verbo to study no past perfect em sua affirmative form, em sua negative form e em sua interrogative form.

12. Conjugue o verbo to study no past perfect em sua affirmative form, em sua negative form e em sua interrogative form.

Perguntas com respostas

1. Conjugue o verbo to be no presente em sua affirmative form, em sua negative form e em sua interrogative form.

R: verbo to be no presente:

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I am ou I'm	I am not ou I'm not	Am I?
You are ou You're	You are not ou You aren't	Are You?
He is ou He's	He is not ou He isn't	Is He?
She is ou She's	She is not ou She isn't	Is She?
It is ou It's	It is not ou It isn't	Is It?
You are ou You're	You are not ou You aren't	Are You?
We are ou We're	We are not ou We aren't	Are We?
They are ou They're	They are not ou They aren't	Are They?

11225354498 - Maria Vitória Gonçalves Vieira

2 - Conjugue o verbo to be no passado em sua affirmative form, em sua negative form e em sua interrogative form.

R: verbo to be no passado:

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I was	I was not ou I wasn't	Was I?
You were	You were not ou You weren't	Were you?
He was	He was not ou He wasn't	Was he?
She was	She was not ou She wasn't	Was she?
It was	It was not ou It wasn't	Was it?
You were	You were not ou You weren't	Were you?
We were	We were not ou We weren't	Were we?
They were	They were not ou They weren't	Were they?

3 - Conjugue o verbo Study na present simple em sua affirmative form, em sua negative form e em sua interrogative form.

R: Present Simple do verbo Study:

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I study	I do not study ou I don't study	Do I study?
You study	You do not study ou You don't study	Do You study?
He studies	He does not study ou He doesn't study	Does He study?
She studies	She does not study ou She doesn't study	Does She study?
It studies	It does not study ou It doesn't study	Does It study?
You study	You do not study ou You don't study	Do You study?
We study	We do not study ou We don't study	Do We study?
They study	They do not study ou They don't study	Do They study?

4 - Conjugue o verbo to Study no past simple em sua affirmative form, em sua negative form e em sua interrogative form.

R: Verbo TO STUDY conjugado nas três formas – afirmativa, negativa e interrogativa no tempo Past Simple:

11225354498 - Maria Vitória Gonçalves Vieira

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I studied	I did not study ou I didn't study	Did I study?
You studied	You did not study ou You didn't study	Did You study?
He studied	He did not study ou He didn't study	Did He study?
She studied	She did not study ou She didn't study	Did She study?
It studied	It did not study ou It didn't study	Did It study?
You studied	You did not study ou You didn't study	Did You study?
We studied	We did not study ou We didn't study	Did We study?
They studied	They did not study ou They didn't study	Did They study?

5 - Conjugue o verbo to drive no past simple em sua affirmative form, em sua negative form e em sua interrogative form.

R: Verbo TO DRIVE, conjugados nas três formas – afirmativa, negativa e interrogativa no tempo Past Simple:

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I drove	I did not drive ou I didn't drive	Did I drive?
You drove	You did not drive ou You didn't drive	Did You drive?
He drove	He did not drive ou He didn't drive	Did He drive?
She drove	She did not drive ou She didn't drive	Did She drive?
It drove	It did not drive ou It didn't drive	Did It drive?
You drove	You did not drive ou You didn't drive	Did You drive?
We drove	We did not drive ou We didn't drive	Did We drive?
They drove	They did not drive ou They didn't drive	Did They drive?

6 - Conjugue o verbo to study no futuro simples com willl em sua affirmative form, em sua negative form e em sua interrogative form.

R: Verbo TO STUDY, conjugado no futuro simples com WILL em todas as formas – afirmativa, negativa e interrogativa.

11225354498 - Maria Vitória Gonçalves Vieira

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I will study	I will not study ou I won't study	Will I?
You will study	You will not study ou You won't study	Will You?
He will study	He will not study ou He won't study	Will He?
She will study	She will not study ou She won't study	Will She?
It will study	It will not study ou It won't study	Will It?
You will study	You will not study ou You won't study	Will You?
We will study	We will not study ou We won't study	Will We?
They will study	They will not study ou They won't study	Will They?

7 - Conjugue o verbo to study no futuro com going to em sua affirmative form, em sua negative form e em sua interrogative form.

R: Verbo TO STUDY, conjugado no futuro com GOING TO em todas as formas – afirmativa, negativa e interrogativa.

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I am going to study	I am not going to study ou I'm not going to study	Am I going to study?
You are going to study	You are not going to study ou You aren't going to study	Are you going to study?
He is going to study	He is not going to study ou He isn't going to study	Is he going to study?
She is going to study	She is not going to study ou She isn't going to study	Is she going to study?
It is going to study	It is not going to study ou It isn't going to study	Is it going to study?
You are going to study	You are not going to study ou You aren't going to study	Are you going to study?
We are going to study	We are not going to study ou We aren't going to study	Are we going to study?
They are going to study	They are not going to study ou They aren't going to study	Are they going to study?

8 - Conjugue o verbo to study no present continuos em sua affirmative form, em sua negative form e em sua interrogative form.

R: Verbo TO STUDY, no Present Continuous.

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I am studying ou I'm studying	I am not studying ou I'm not studying	Am I studying?
You are studying ou You're studying	You are not studying ou You aren't studying	Are You studying?
He is studying ou He's studying	He is not studying ou He isn't studying	Is He studying?
She is studying ou She's studying	She is not studying ou She isn't studying	Is She studying?
It is studying ou It's studying	It is not studying ou It isn't studying	Is It studying?
You are studying ou You're studying	You are not studying ou You aren't studying	Are You studying?
We are studying ou We're studying	We are not studying ou We aren't studying	Are We studying?
They are studying ou They're studying	They are not studying ou They aren't studying	Are They studying?

11225354498 - Maria Vitória Gonçalves Vieira

9 - Conjugue o verbo to study no past continuos em sua affirmative form, em sua negative form e em sua interrogative form.

R: Verbo TO STUDY, conjugado no Past Continuous:

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I was studying	I was not studying ou I wasn't studying	Was I studying?
You were studying	You were not studying ou You weren't studying	Were you studying?
He was studying	He was not studying ou He wasn't studying	Was he studying?
She was studying	She was not studying ou She wasn't studying	Was she studying?
It was studying	It was not studying ou It wasn't studying	Was it studying?
You were studying	You were not studying ou You weren't studying	Were you studying?
We were studying	We were not studying ou We weren't studying	Were we studying?
They were studying	They were not studying ou They weren't studying	Were they studying?

10´- Conjugue o verbo to study no preent perfect em sua affirmative form, em sua negative form e em sua interrogative form.

R: verbo TO STUDY, conjugado no Present Perfect:

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I have studied	I have not studied ou I haven't studied	Have I studied?
You have studied	You have not studied ou You haven't studied	Have You studied?
He has studied	He has not studied ou He hasn't studied	Has He studied?
She has studied	She has not studied ou She hasn't studied	Has She studied?
It has studied	It has not studied ou It hasn't studied	Has It studied?
You have studied	You have not studied ou You haven't studied	Have You studied?
We have studied	We have not studied ou We haven't studied	Have We studied?
They have studied	They have not studied ou They haven't studied	Have They studied?

11 - Conjugue o verbo to study no past perfect em sua affirmative form, em sua negative form e em sua interrogative form.

R: Verbo TO STUDY, conjugado no Past Perfect:

11225354498 - Maria Vitória Gonçalves Vieira

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I had studied	I had not studied ou I hadn't studied	Has I studied?
You had studied	You had not studied ou You hadn't studied	Had you studied?
He had studied	He had not studied ou He hadn't studied	Had he studied?
She had studied	She had not studied ou She hadn't studied	Had she studied?
It had studied	It had not studied ou It hadn't studied	Had it studied?
You had studied	You had not studied ou You hadn't studied	Had you studied?
We had studied	We had not studied ou We hadn't studied	Had we studied?
They had studied	They had not studied ou They hadn't studied	Had they studied?

12 - Conjugue o verbo to study no future perfect em sua affirmative form, em sua negative form e em sua interrogative form.

R: Verbo Study no Future Perfect:

AFFIRMATIVE	NEGATIVE	INTERROGATIVE
I will have studied	I will not have studied ou I won't have studied	Will I have studied?
You will have studied	You will not have studied ou You won't have studied	Will You have studied?
He will have studied	He will not have studied ou He won't have studied	Will He have studied?
She will have studied	She will not have studied ou She won't have studied	Will She have studied?
It will have studied	It will not have studied ou It won't have studied	Will It have studied?
You will have studied	You will not have studied ou You won't have studied	Will You have studied?
We will have studied	We will not have studied ou We won't have studied	Will We have studied?

Lista de Questões Estratégica

1- (FGV/2019 – PREFEITURA MUNICIPAL DO SALVADOR – BA)

Critical Literacy, EFL and Citizenship We believe that a sense of active citizenship needs to be developed and schools have an important role in the process. If we agree that language is discourse, and that it is in discourse that we construct our meanings, then we may perceive the foreign language classrooms in our schools as an ideal space for discussing the procedures for ascribing meanings to the world. In a foreign language we learn different interpretive procedures, different ways to understand the world. If our foreign language teaching happens in a critical literacy perspective, then we also learn that such different ways to interpret reality are legitimized and valued according to socially and historically constructed criteria that can be collectively reproduced and accepted or questioned and changed.Hence our view of the EFL classroom, at least in Brazil, as an ideal space for the development of citizenship: the EFL classrooms can adopt a critical discursive view of reality that helps students see claims to truth as arbitrary, and power as a transitory force which, although being always present, is also in permanent change, in a movement that constantly allows for radical transformation. The EFL classroom can thus raise students' perception of their role in the transformation of society, once it might provide them with a space where they are able to challenge their own views, to question where different perspectives (including those allegedly present in the texts) come from and where they lead to. By questioning their assumptions and those perceived in the texts, and in doing so also broadening their views, we claim students will be able to see themselves as critical subjects, capable of acting upon the world. […]

We believe that there is nothing wrong with using the mother tongue in the foreign language classroom, since strictly speaking, the mother tongue is also foreign - it's not "mine", but "my mother's": it was therefore foreign as I first learned it and while I was learning to use its interpretive procedures. When using critical literacy in the teaching of foreign languages we assume that a great part of the discussions proposed in the FL class may happen in the mother tongue. Such discussions will bring meaning to the classroom, moving away from the notion that only simple ideas can be dealt with in the FL lesson because of the students' lack of proficiency to produce deeper meanings and thoughts in the FL. Since the stress involved in trying to understand a foreign language is eased, students will be able to bring their "real" world to their English lessons and, by so doing, discussions in the mother tongue will help students learn English as a social practice of meaning-making. (Source: Adapted from JORDÃO, C. M. & FOGAÇA, F. C. Critical Literacy in The English Language Classroom. DELTA, vol. 28, no 1, São Paulo, p. 69-84, 2012.

Retrieved from http://www.scielo.br/pdf/delta/v28n1a04.pdf).

When the authors choose the modal verb "can" to state that "the EFL classrooms can adopt a critical discursive view of reality", they mean that schools have this

(A) need.

11225354498 - Maria Vitória Gonçalves Vieira

(B) prediction.

(C) obligation.

(D) possibility.

(E) improbability.

What to Know About the Controversy Surrounding the Movie Green Book

Depending on who you ask, Green Book is either the pinnacle of movie magic or a whitewashing sham.

The film, which took home the prize for Best Picture at the 91st Academy Awards, as well as honors for Mahershala Ali as Best Supporting Actor and Nick Vallelonga, Brian Currie and Peter Farrelly for Best Original Screenplay, depicts the burgeoning friendship between a black classical pianist and his Italian- American driver as they travel the 1960s segregated South on a concert tour. But while Green Book was an awards frontrunner all season, its road to Oscar night was riddled with missteps and controversies over its authenticity and racial politics.

Green Book is about the relationship between two real-life people: Donald Shirley and Tony "Lip" Vallelonga. Shirley was born in 1927 and grew up in a well-off black family in Florida, where he emerged as a classical piano prodigy: he possessed virtuosic technique and a firm grasp of both classical and pop repertoire. He went on to perform regularly at Carnegie Hall— right below his regal apartment—and work with many prestigious orchestras, like the Chicago Symphony and the New York Philharmonic. But at a time when prominent black classical musicians were few and far between due to racist power structures, he never secured a spot in the upper echelons of the classical world. (African Americans still only make up 1.8 percent of musicians playing in orchestras nationwide, according to a recent study.)

Vallelonga was born in 1930 to working-class Italian parents and grew up in the Bronx. As an adult he worked as a bouncer, a maître d' and a chauffeur, and he was hired in 1962 to drive Shirley on a concert tour through the Jim Crow South. The mismatched pair spent one and a half years together on the road — though it's condensed to just a couple of months in the film — wriggling out of perilous situations and learning about each other's worlds. Vallelonga would later become an actor and land a recurring role on The Sopranos.

In the 1980s, Vallelonga's son, Nick, approached his father and Shirley about making a movie about their friendship. For reasons that are now contested, Shirley rebuffed these requests at the time. […] (Source: from

The verb phrase in "was riddled with missteps" is in the

11225354498 - Maria Vitória Gonçalves Vieira

(A) simple past, active voice.

(B) simple past, passive voice.

(C) present perfect, active voice.

(D) past continuous, active voice.

(E) past continuous, passive voice.

3 - (VUNESP/2019 – UNICAMP) A Free Press Needs You By The Editorial Board August 15, 2018 In 1787, the year the Constitution was adopted in the USA, Thomas Jefferson famously wrote to a friend, "Were it left to me to decide whether we should have a government without newspapers, or newspapers without a government, I should not hesitate a moment to prefer the latter." That's how he felt before he became president, anyway. Twenty years later, after enduring the oversight of the press from inside the White House, he was less sure of its value. "Nothing can now be believed which is seen in a newspaper," he wrote. "Truth itself becomes suspicious by being put into that polluted vehicle." Jefferson's discomfort was, and remains, understandable. Reporting the news in an open society is an enterprise laced with conflict. His discomfort also illustrates the need for the right of free press he helped to preserve. As the founders believed from their own experience, a well-informed public is best equipped to root out corruption and, over the long haul, promotes liberty and justice. "Public discussion is a political duty," the Supreme Court said in 1964. That discussion must be "uninhibited, robust, and wide-open" and "may well include vehement, caustic and sometimes unpleasantly sharp attacks on government and public officials."

(www.nytimes.com/interactive/2018/08/15/opinion/editorials/free-press-local-journalism-news-donald-trump.html?action=click&module=Trending& pgtype=Article®ion=Footer&contentCollection=Trending. Adaptado.)

No trecho do terceiro parágrafo – That discussion must be "uninhibited, robust, and wide-open" – , o termo em destaque pode ser substituído, sem alteração de sentido, por

(A) used to.

(B) can.

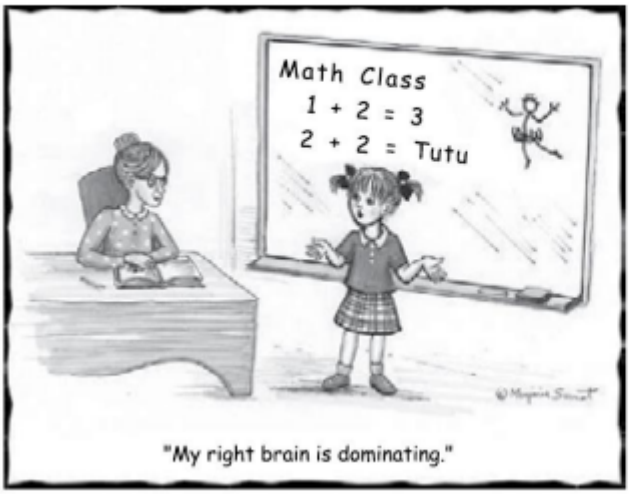

(C) going to.

(D) might.

(E) has to.

4 - (VUNESP/2018 – PREFEITURA MUNICIPAL DE ITAPEVI – SP)

Na oração "Your teacher told me that you're having trouble…", os verbos em negrito estão nos mesmos tempos verbais que os da alternativa:

(A) begged – be marked.

(B) said – will have worked.

(C) fell – is trying.

(D) plays – are working.

(E) is being called – takes.

5 - (VUNESP/2019 – PREFEITURA MUNICIPAL DE DOIS CÓRREGOS – SP)

The Indonesian tribe that rejects technology The Baduy tribe from Banten in Indonesia practise seclusion and reject all modern technology to protect their ancient traditions. For centuries, their way of life hasn't changed. Electricity is prohibited, along with modern modes of communication and formal education. Power lines stop at the border of their lands, but in recent years, the outside world has begun to creep in.

The tribe has split in two – the more strict inner circle remain "pure", while the outer circle have relaxed some rules. Some have started using mobile phones and solar-powered lanterns. Will adopting some aspects of modern technology help the Baduy survive the modern world, or will it make their ancient traditions disappear?

11225354498 - Maria Vitória Gonçalves Vieira

(Hassan Ghani. www.aljazeera.com. 20.02.2018)

O tempo verbal present perfect simple está corretamente utilizado na alternativa:

(A) I have known him for years – we lived in neighboring streets and walked to school together.

(B) We have first met just a few years ago – but then became best friends forever!

(C) I have often complained about homework assigning before I became a teacher myself.

(D) My family have lived in the big city for years before we had to move to the country.

(E) I have finished the long battery of tests and could go home and at last.

ESSA LEI TODO MUNDO CONHECE:
PIRATARIA É CRIME.

Mas é sempre bom revisar o porquê e como você pode ser prejudicado com essa prática.

1. 

Professor investe seu tempo para elaborar os cursos e o site os coloca à venda.

2. 

Pirata divulga ilicitamente (grupos de rateio), utilizando-se do anonimato, nomes falsos ou laranjas (geralmente o pirata se anuncia como formador de "grupos solidários" de rateio que não visam lucro).

3. 

Pirata cria alunos fake praticando falsidade ideológica, comprando cursos do site em nome de pessoas aleatórias (usando nome, CPF, endereço e telefone de terceiros sem autorização).

4. 

Pirata compra, muitas vezes, clonando cartões de crédito (por vezes o sistema anti-fraude não consegue identificar o golpe a tempo).

5. 

Pirata fere os Termos de Uso, adultera as aulas e retira a identificação dos arquivos PDF (justamente porque a atividade é ilegal e ele não quer que seus fakes sejam identificados).

6. 

Pirata revende as aulas protegidas por direitos autorais, praticando concorrência desleal e em flagrante desrespeito à Lei de Direitos Autorais (Lei 9.610/98).

7. 

Concurseiro(a) desinformado participa de rateio, achando que nada disso está acontecendo e esperando se tornar servidor público para exigir o cumprimento das leis.

8. 

O professor que elaborou o curso não ganha nada, o site não recebe nada, e a pessoa que praticou todos os ilícitos anteriores (pirata) fica com o lucro.

Deixando de lado esse mar de sujeira, aproveitamos para agradecer a todos que adquirem os cursos honestamente e permitem que o site continue existindo.
